

Installation warranty

At Targett's Windows & Doors we pride ourselves on doing quality workmanship. It is our best way to insure repeat business from our customers.

We always follow local building codes and guidelines put forward by the cities and towns we do work in.

As a member of the Fredericton home builders Reno mark program, we offer a 2-year warranty on the labor portion of any window or door installed through Targett's. (This does not include installation done from another person or company when the product only is purchased from Targett's.)

Any product warranty will go through the window or door manufacturer's service department if done within the products warranty time frame.
